CUSH-A-CLAW™

A NEW BREAKTHROUGH IN TOOLLESS CLAMPS!

UNISTRUT®

A PART OF **Atkore**
INTERNATIONAL

The Cush-A-Claw is a unique one piece patented design to mount your tube, pipe or hose and hold it securely in place. The high impact thermal plastic design allows the Cush-A-Claw to be installed quickly without tools for a fast, easy and simple installation. All it takes is a quick twist and snap! Cush-A-Claw is also an excellent alternative to steel, stainless steel or galvanized clamps.

For more information, visit unistrut.us or contact your local sales rep.
